VOLUME CVII.--NO. 169.

ALEXANDRIA. VA., MONDAY EVENING, JULY 16, 1906.

PRICE 2 CENTS.

Dr. Pierce's Favorite Prescription

Is a powerful, invigorating tonio, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately reliated to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worp-out," "run-down" or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers.

As a gothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in silaying and subduing nervous exclusibility, irritability, nervous exhaustion, nervous prostration, nouraigis, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Cures obstinate cases, "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of "female weakness," painful periods, urregularities, prolapsus or falling of the pelvicorgans, weak back, bearing-down sensations, chronic congestion, inflammation and ulceration.

Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests. The indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of their superior curative virtues and their safe and harmless qualities.

Your druggists sell the "Favorite Passentytion" and also that famous alterative, blood purifier and stomach tonic, the "Goldens Medical Discovers" Write to Dr. Pierce about your case. He is an experienced physician and without charge for correspondence. Address him at the Invalide, N. Y., of which he is chief con Dr. Pierce's Favorite Prescription

ments.

Entered at the Postoffice of Alexandria, Virginia, as second-class matter.

The "Televue" at Last.

City Electrician William H. Thompson, the "Little Wizard" of Richmond, is at work on the "televue," a wonderful device which, he says, will enable a person talking over the telephone to see the face and figure of the person to whom he is talking. The device, it is declared, can be used with a wire of indefinite length, and gives a vivid image. Discussing the invention Thompson said

"If it can be perfected the televue revo utionize modern conditions. The telephone makes communication of a parely intellectual character simple. But there are hundreds of forms of comnunication that cannot be satisfactorily accomplished without the aid of the eye The housewife will be enabled to purchase ber dress and provisions and do her shopping by televue. The sales-girl will simply have to hold up the arti-cle before the televue transmitter and say, 'How will this hat do, ma'am?'
When the wife desires to purchase meats she will call up the butcher by televue and require him to hold up the goods for inspection before she buys."

For the present the electrician delines to exhibit the model on which he is working, or to give a description of it. He explains, however, that the visual image in the telavue is transmitted in the form of a photograph, and the ap-paratus depends for its working on the variations in the electrical resistance of a ribbon of senelium produced by variation in the intensity of a beam of light impinging on it.

Old Battle Flags.

Representative John Lamb, of Richnond, has reveelved from F. C. Ainsworth, military secretary of the War Department, a letter dated July 12, stating that by direction of the Secretary of War and under the authority contain ed in public resolution No. 43, approved June 29, 1906, that he has forwarded to the Confederate Memorial Literary Society all of the Confederate battle flag naining in the custody of the War Department.

t will be recalled that some time ago under a resolution passed by the Fifty-eighth Congress a number of Confederate attle flags were sent to the governors of the respective States for the regiments.
About 200 flags were too much mutilated and delaced to be identified and

consequently could not be assigned. Captain Lamb introduced a resolution Congress asking that these flags be sent o the Confederate Memorial Literary Society of Richmond, which was accordingly done as shown, by Mr. Ainsworth's

Stripped Herself to Drown. After taking off nearly all her clothing on the end of the pier at Twentysecond street, East river, New York. a young woman left a note on the pile of garments and plunged into the river Saturday atternoon. Although ropes were thrown to her, she refused to seize them, and when half a dozen persons umped in after her she made no attempt to stay above water. She sank and the body was carried off by the tide.

Nothing is known yet of the woman's identity, but her clothing was modish and of good material and she was decidedly handsome. The note which appears to tell of martial trouble, was written on expensive stationery and is as follows: "Bill Parsons, Georgie is yours. Last baby is Frank Reilly's. You sent me to hell. And Parsons, the million-

There is a blank space after this iast and then a single sentence; "Well, Frank Reilly and Bill Parsons

you are two fine laddies."

Bride's Childcan Slain. A terrible tragedy marred the wedsing Friday of a young and beantiful widow, pear Messina, Sicily. The bridal party had just returned from church, and the bride had left the room for a moment to see her children by a former marriage, when a loud shrick was heard. The bridegroom ran upstairs, followed by the guests, and found his wife unconstaints. found his wife unconscious on the floor. The two children, a boy and a girl, appeared to be playing, but closer exami-nation showed that they were both dead, their throats having been cut and the bodies placed in a natural position. A former sweetheart of the bridegroom was arrested, and confessed that jealous hatred of the woman, who had robbed her of her lover, had driven her to kill the children. It is feared the mother will lose her reason.

Where John Smith Landed.

Completed plans for the monument which is to be erected by the government at Jamestown, upon the spot where John Smith landed have been prepared at the office of the supervising architect of the Treasury. It is to be a granite shaft 100 feet high, standing upon a flight of 15 broad steps. On the lower part of the

"Erected to Commemorate the Jamestown Landing.

From the monument to the water front a walk will be laid out with ornate

Prisons in Rocks.

Greek monks at Jerusslem, while clearing subterranean chambers discovered 30 years ago in Via Dolorosa, found others which it is believed were Roman prisons. They were bewn in solid rock. One contained a slab stone so fashioned and holed as to indicate that it served as a stocks. The monks have converted this cell into a chapel and represent it as the prison in which the Romans kept Christ before the crucifixion. The legend is becoming firmly established among the followers, and there are throngs of pilgrims to the Greek Church who reverentially visit the chapel and deposit their offerings to the monks.

Bride and Groom Drowned.

A sad accident has occurred at Figueria du Foz, Portugal one of the most fashionable and crowded seaside resorts in that country. Two strangers -- a young couple on their honeymoon-were amus" ing themselves by picking up seashells and the man, in trying to get an espec ially pretty one, was caught by a huge wave and carried away. The woman pluckily rushed after him, vainly attempting to pull him back.

Two well-known residents of the town threw themselves into the sea to rescue the struggling pair. Another huge wave swept up, and all four were carried out to sea and never seen again.
